Re: Authorization to Communicate Directly with
Applicant's Present School and/or to Release
Academic and Health Records

INFORMATION RELEASE

Attached you will find a release form to be filled out and returned to our Admissions Office. This will assist us in obtaining a copy of your child's unofficial transcript from his/her previous school more efficiently.

Please note that in making decisions on acceptance, if deemed necessary by the Admissions Committee, this release will also grant us permission to speak directly with the administration, guidance counselors, and/or teachers at your child's present school in order to acquire additional information regarding his/her academic performance, discipline, and/or personal issues.

Massachusetts state law requires that before a child enters a new school, that school must obtain a copy of his/her health records (immunization record and last physical exam). If we do not receive these prior to your child's first day of school, the child will not be allowed admission.

Thank you for your cooperation in this matter. If you have any questions, please feel free to contact Ann Rivers, Director of Admissions at 833-999-7673, ext. 1132.
