

Algebra Readiness Course - Summer 2026

Supporting: Grade 9 Algebra 1

Dates: July 6-31, 2026

Sessions: Online classes 10:00 a.m.-11:00 a.m.

Times: Monday, Wednesday, Friday each week for one hour, July 6 to July 31.

Students will review and practice core mathematics skills necessary for success in Algebra 1. Each week will focus on a review of essential skills. Classes will be conducted online by a certified PFPS mathematics teacher.

Expectations

Accept your student invite to Google Classroom (link sent once registered)

- Join your assigned DeltaMath class by June 30th
- Complete the Pre-Assessment by June 30th

Attend all 12 scheduled classes

- Log in to your Google Classroom & join Google Meet 5 minutes before the session start time
- Participate – ask questions and seek clarification
- No interruptions – dress appropriately, have a quiet spot ready, do not “leave class”; makeup is not available

All homework must be completed for the next class

Every Friday: complete a performance task

- Upload your work and answer to Google Classroom

Submit work on time – no late work

Email your instructor immediately if there is an issue

Parents/guardians will be contacted whenever necessary

Agenda

Mondays: 1-hour online instruction, face-to-face teaching, followed by student completion of assigned work

Wednesdays: 1-hour online instruction, face-to-face to review/reteach, complete assigned work

Fridays: 1-hour online, each student will complete a performance task

Post-Assessment – completed on July 31st, by noon.
