

Algebra Readiness Course Summer 2026

Supporting: Grade 9 Algebra 1

Dates: July 6-31, 2026

Sessions: July 6 to July 31

Monday, Wednesday, Friday each week, online 10:00 a.m.-11:00 a.m.

Students will review and practice core mathematics skills necessary for success in Algebra 1. Each week will focus on a review of essential skills. Classes will be conducted online by a PFPS mathematics teacher.

Requirements:

Accept your student invite to Google Classroom (link sent once registered)

- Join your assigned DeltaMath class by June 30th
- Complete the Pre-Assessment by noon of June 30th
- **Attend all 12 scheduled classes**
- Log in to your Google Classroom & join Google Meet by 9:55 a.m.
- Participate
- No interruptions – have a quiet spot ready, do not “leave class”, keep your computer camera on

All homework must be completed for the next class

- **Every Friday:** complete a performance task
- Upload your work and your answers to Google Classroom
- Submit work on time – no late work
- **Email** your instructor immediately if there is an issue
- Parents/guardians will be contacted whenever necessary
- A summary report will be sent to parents/guardians upon completion of the course

Agenda:

- **Mondays:** 1-hour online instruction, face-to-face teaching, followed by student completion of assigned work
- **Wednesdays:** 1-hour online instruction, face-to-face to review/reteach; complete assigned work
- **Fridays:** 1-hour online; complete & submit a performance task
- **Post-Assessment – completed on July 31st, by noon**

Internet access will be necessary and your computer must have a working camera.
